

## **FARM GUIDELINES\***

1. All children touring the Kleinpeter facility must be six (6) years of age by the day of the tour to be allowed inside the facility. This rule is necessary to comply with insurance regulations.
2. For safety purposes, there must be a minimum ratio of 10:1 students to chaperones in order for the tour to be conducted. Chaperones are asked to blend evenly within the group.
3. This facility is not handicap accessible. Anyone requiring walking assistance can not be allowed to tour the facility. This is for their safety.
4. Anyone becoming unruly and refusing to comply with the rules set by management and the tour guide will be asked to leave immediately.

Please be advised that management have the final authority to grant or deny access to the facility. Should someone in the group be denied access, they will be shown to the farm office where they may wait for the group.

Be advised that you have been given these regulations from Kleinpeter Farms Dairy prior to touring the facility. Any violation causing harm to anyone in the group or damage to the facility will be the responsibility of the group and/or the group leader. Kleinpeter Farms Dairy will not be held responsible for the group's noncompliance.

- 
- I have read the above guidelines, understand them and attest that, to the best of my knowledge, we are in compliance. I also assume responsibility should we be found to be in noncompliance with the above guidelines.
